General Information

## ***The battle to take back our nation begins in our own backyard!***

Since 2008, over 600,000 of your fellow Americans have joined Campaign for Liberty to take a stand for the Constitution and our founding principles.

Campaign for Liberty is committed to educating our family, friends and neighbors about the limited government philosophy. We will work on the local, state and federal levels to stop unconstitutional and corrosive legislation while promoting bills that secure our rights.

### **Our Goals:**

- Gain a foothold in political life at every level of government by expanding our coordinator program.
- Educate the electorate and lobby against harmful or unconstitutional legislation.
- Encourage the formation of discussion groups and book clubs at the local level to help people learn more about our ideas.
- Establish a speakers bureau to give presentations around the country about the great principles we champion.
- Develop materials for homeschooling families, to help them educate their children in history, sound economics, and related fields.
- Feature written as well as video commentaries on the news and issues of the day.
- Additional efforts as time and resources allow.
