

December 2008

Ronnie and Peggy have been driving to Houston more often now that oldest daughter Laura is a first year medical student at University of Texas Health Science Center. Lisa is a junior pre-med major playing softball for the St. Edward's University Hilltoppers, and helped them achieve a third place finish at the NCAA Division II World Series. Linda is in her last year of high school and is active in swimming, FFA, and senior activities while trying to decide which college to attend.

Daughter Lori and husband Tom Pyeatt have welcomed yet another member to their ever-growing clan with the wedding this summer of daughter Valori to Jesse Benton. Many of you will recognize Jesse because he served as spokesman for the presidential campaign and now The Campaign for Liberty. Valori and Jesse now live in the district and both continue to work for the cause of freedom. Matt is an assistant principal at Santa Fe High School and his wife Kym recently graduated from college and now teaches 1st grade in Santa Fe ISD. They are continually busy chasing after Collin, who turns two in January. Vicki and husband Christopher White live in Tomball where Christopher continues his work as a mechanical engineer. Vicki started her first year teaching Pre-K in Tomball ISD. We have a lot of teachers in this family! Mark continues his college studies and makes everyone jealous with all the golf he plays at the local golf course where he works. Michael is a sophomore at Brazoswood High School and played centerfield on the baseball team last spring and recently completed his Junior Varsity year as quarterback on the football team.

The Kentucky Pauls have had a busy year campaigning for Ron. Rand has enjoyed traveling across the country campaigning and giving speeches from Montana to Massachusetts. He took sons Duncan (12) and Robert (9) to South Carolina to see the Ron Paul Blimp during the primary. Son William (15) gave a great introduction for his grandfather when Ron spoke at his high school in May. On December 1, Rand celebrated the one-year anniversary of his new solo ophthalmology practice, which he has really enjoyed. Kelley is in charge of the payroll and marketing communications for the practice. William (15) plays baseball for the Bowling Green High Purples and is an honor student. Duncan (12) plays basketball and soccer for his middle school team, plays guitar and enjoys creating websites and YouTube videos. He made several great videos about Ron Paul during the campaign! Robert (9) is enjoying his first year on his school Academic Team and also plays basketball, soccer, baseball and guitar.

Robert, Monica, Katharine (12), and Robert Michael (10) reside in Fort Worth. Robert's family practice keeps him very busy, but he still finds time to coach some of the kids sport teams. Katharine plays select soccer year round and volleyball, basketball, softball, and track at school. Robert Michael plays year-round soccer and baseball. During the winter break, he plays basketball. They both are doing well at St. Andrews Catholic School. Monica gets everyone to their events, volunteers at school, and makes sure all the homework is done. The presidential election at their school had one vote for Ron Paul (Katharine voted for neither, Robert wrote in Ron Paul).

Daughter Joy and Andy LeBlanc have had a fun year with their 5 children. They moved from Pearland to Friendswood in June and are excited to finally be in Ron's congressional district. Joy is busy practicing obstetrics and gynecology and Andy continues working in Finance for Dow Chemical. Twins Bonnie and Benjamin are in 5th grade this year, Paul is in 1st grade and Luke in Pre-K. John David is 18 months old and wants to climb and do all the things the older ones do. Bonnie loves her dance classes and has a part in the school Christmas musical. Ben plays baseball and made the school basketball team. Paul also plays baseball and just lost his front tooth. Luke just finished his first season of soccer...which if you know anything about 4-year old soccer teams...was something to see. He is very proud of scoring those 2 goals.

Happy Holidays

from Congressman Ron Paul and Family

Let me thank all of you for the prayers and messages that came during my recent illness. We have been blessed. And even with a few obstacles along the way, it keeps us working harder.

Ron has been busy with Congressional business as well as getting the Campaign for Liberty off to a great start. He feels that so much has been accomplished this year with the help of supporters and volunteers and for this we are also thankful...and we have to keep going!

We are proud to live in a country that allows its citizens freedom to choose, and we want everyone to be able to choose liberty.

Merry Christmas and Happy New Year,

Carol and Ron
